Latest NEWS and INFO for the NEWSLETTER
MMMonVHF The VHF-DX-Portal
****

** VHF-DATABASE at MMMonVHF (http://www.mmmonvhf.de/dbase.php) **

Time to time it will be necessary to remember about regular updates to the VHF-DATABASE at MMMonVHF. At begin of october we plan to spread a new issue of our VHF-DATABASE to all DX-Cluster (and USER which what it). So please be so kind and UPDATE IT NOW SOON! LOGIN at MMMonVHF and follow the link to your Account > than click on "VHF-DATABASE Update" and click on the INFO Button left side of the Call (mostly only YOUR CALL or YOUR Expeditions calls) you wants to change... Click on the EDIT Button (lower end of the page) if something to change and edit the datasentence. After you have finished your changes PLEASE do not forget to click on SAVE! Your data will be reviewed by the Team and released to the VHF-DATABASE as soon as possible! You will receive a confirmation E-mail when your data is online available at MMMonVHF! The DX-Cluster will get those updated Files only one time a year! Info or changes of OTHER than your own Call or your Expedition Calls as well welcome. In such a case please do use the Contact Form http://www.mmmonvhf.de/kontact.php and pass us the CALL you want to edit as well... Files like CALL3.txt will be availble for free to everybody from your account and daily fresh! To get into CALL3.txt you need to have one of the keywords (WSJT MS or EME) at your datasentence activated!

** M/TA3J from various locations in England on HF and 6m **

Berkin, TA3J will be active as M/TA3J from various locations in England (EU-005, WLOTA 1841) from 9-20 September 2010. QRV on 160-6m, including the newer bands, using SSB and FM. QSL via his home call, direct or bureau.
SOURCE: [OPDX Bulletin] via ICPO Bulletin (02-10 September 2010)

** Activities from Paul, M3KBU, on HF and 2m **

Paul, M3KBU (RAFARS No. 4712) will be active on 18 September 2010 as homecall/p from RAF Compton Bassett, Wiltshire, England (IOTA EU-005, WLOTA 1841). First opened as an air base in World War I, RAF Yatesbury continued operations in the interwar years before again taking on a major role in World War II. From 1936 onwards, RAF Yatesbury and RAF Compton Bassett were major Radio and Radar Training Schools. QRV on 80, 40, 20, 2m. QSL via home call, direct or bureau.
Paul will hit the airwaves again as homecall/p on 19 September 2010, this time from RAF Yatesbury, Wiltshire, England (IOTA EU-005, WLOTA 1841). First opened as an air base in World War I, RAF Yatesbury continued operations in the interwar years before again taking on a major role in World War II. From 1936 onwards, RAF Yatesbury and RAF Compton Bassett were major Radio and Radar Training Schools, RAF Townsend a satellite landing ground and RAF Cherhill was 27 Group Headquarters Technical Training Command. It is the oldest air base in the whole of Europe and is the only air base in the world that is still is such good condition. Activity will be on the 80, 40, 20 and 2 metre bands. This operation also coincides with the 'Battle of Britain' celebrations. QSL via home call, direct or bureau.
SOURCE: [RAFARS] via ICPO Bulletin (02-10 September 2010)

** Activity from Schiermonnikoog Island (EU-038) **

Marcel, PD5MVH plans to be active 13-26 September 2010 as
homecall/p from Schiermonnikoog Island (EU-038, WLOTA L-2175).
QRV on 40, 20, 10 and 2 metre SSB. QSL via his home call, direct
or by the burau. SWL cards are welcome.
SOURCE: [F5OGG] via ICPO Bulletin (09-17 September 2010)

** PD6MILL qrv from the De Eendracht windmill **

Jelle, PD5JFK and Bernard, PD7BZ will be active as PD6MILL from
the De Eendracht windmill on 16-20 September 2010. QRV on SSB and
digital modes on 40, 20 and 10 metres and on 2 metre FM. All QSOs
will be confirmed automatically via the bureau and eQSL. Direct
cards should be sent to PD7BZ.

** Special event station CG3MUG **

"Thunder Bay MCTS Centre (Canadian Coast Guard Radio Station)
proudly celebrates 100 years of radio service. Built by the
Canadian Marconi Company, in the fall of 1910, the new "wireless"
station, MUG Port Arthur, was the first and only Canadian Great
Lakes Marconi station ever built. In 1912, following the success
of MUG, the Canadian government built a chain of marine radio
stations from Port Arthur down to Kingston, Ontario. In 1913,
the Marconi station was rebuilt, and assigned its current
government callsign of "VBA". The "V" denotes a Canadian station,
"B" is for the Great Lakes, and the "A" was given for its
historic position as the first. During the month of November 2010,
the Centre's Hams will be operating special event station CG3MUG
to celebrate our 100th birthday. The regular Amateur Radio
callsign is VE3VBA. There will be several options for Amateur
Radio Stations and SWL'ers to obtain a special 100th anniversary
CG3MUG QSL card (a certificate may also be designed). As we get
closer to the event, and make the final preparations, we will
update the CG3MUG listing on the QRZ.com website. VHF and HF
operation via CW, PSK, RTTY, SSB, FM, VoIP (CQ100) and perhaps
other digital data modes, on the Amateur Radio bands. The email
address for this special event station is: cg3mug@yahoo.ca.
For more information, please visit: http://my.tbaytel.net/va3rom.

** Netherlands Antilles, PJ2. **

"New DXCC operations on Curacao starting 10-10-10. As many of you
know by now, the Netherlands Antilles will likely be dissolved as
a country on October 10, 2010. Several new DXCC entities will
result from this change including the addition of the island of
Curacao (PJ2) as a new DXCC entity separate from Bonaire (PJ4).
Since this will meet the criteria for a new DXCC entity, we expect
all operations to be accepted as of 10/10/10. While ARRL approval
is not 100% guaranteed, and may not be officially announced until
all DXCC requirements are documented, plans are in place to mount
several operations from the Signal Point super-station, PJ2T on
Curacao beginning on day one. The first operation runs from Oct 10
until Oct 18 with a group led by K8ND. They will be followed
closely by a team of nine operators from the U.S. and Germany who
will be there through November 2nd including a M/M entry in the
CQWW SSB contest. We will be using both PJ2/homecall and PJ2T
during the 3-week run. We will be on all bands before the contest,
including 6 meters, running CW, SSB and RTTY. Considering the
number of simultaneous new entity operations, frequencies will be
selected to avoid interference. The GAREC conference is being held
on Curacao October 11-12th, and we will be opening the PJ2T
station to any of the participating amateurs from around the world
who wish to operate in their free time before or after the
conference. The station will also be open to any local Curacao
amateurs who wish to operate from Signal Point during the post
10-10-10 week. These will not be sponsored expeditions nor are
donations being solicited. The operators involved are covering all
costs. QSL as instructed on QRZ.com"

** DEADLINE for your NEWS input to MMMonVHF**

... for your News (pse use: http://www.mmmonvhf.de/newsuser.php)
to the next MMMonVHF Newsletter will be next wednesday 2359 UTC...

```
**********************************************************************
      The VHF-DX-Portal MMMonVHF - Newsletter Credits & Info
**********************************************************************

Our Newsletter is compiled from the input of the USER of the
VHF-DX-Portal MMMonVHF as well by a lot of free usable
HF-V-U-SHF-Info-Sources (named as SOURCE at the NEWS) and chats
like ON4KST-, RU-VHF-DX-Net, EA-V-U-SHF-Chat, N0UK-Chat and others.

    ** Many thanks to all USER who send us info and news **

Wherever we found the info we always indicate the source of the
info. If you get knowledge of an expedition, which is NOT listed
at our VHF-DX-Portal MMMonVHF or if you have additional info for
an expedition, PLEASE be so kind and send us this info at:

** www.mmmonvhf.de/newsuser.php  or  www.mmmonvhf.de/kontact.php **

The MMMonVHF-Team is always trying to spread any expedition info
as much up-to-date and reliable as possible and as long as the info
does not violate with our MMMonVHF-Policy.

Have a lot of fun and enjoy the VHF-DX-Portal MMMonVHF!
